

# Ride For Mercy Bicycle Tour

**Saturday August 22, 2009**  
**Bradford West Gwillimbury, Ontario**

We invite you to come to Bradford and cycle through our rolling hills with the New market Eagles Cycling Club. Bradford West Gwillimbury is one of Southern Ontario's best-kept secrets. It is on the fringes of Canada's biggest city, the greater Toronto Area, marketplace of more than four million people. Yet it is truly a small town. Deer still scamper through the bush at Scanlon Creek Conservation Area. This results in a pleasing mix of small town charm and big city conveniences. The world famous Holland marsh is located in Bradford West Gwillimbury, with over 90% of the marsh's produce processed in the area. The soil is among the richest in the world, producing more than half of all Carrots and Onions in Canada. Many of the marsh farmers have become world leaders in automations, by creating one-of-a-kind farming machines to help them with their gruelling planting season and bountiful harvest. The Carrot Fest will celebrate the area's agricultural heritage especially the role played by the Carrot, in local agriculture and the economy. The "Ride for Mercy" bicycle tour will take you through rolling hills and beautiful country side roads, through the famous Carrot fest and other local landmarks. Create a Team Challenge. Proceeds will go to support "Mercy House" a local Women Shelter [www.mercyhouse.ca](http://www.mercyhouse.ca)

**Your Choice of a 1/2 Tour 35 km or a Full 70 km Tour**
